

3M™ Envision™ 8550M is a matt wrap overlaminate versatile enough to wrap everything from vehicles to trailers to boats to textured buildings.

This film is an environmentally friendly option to offer those looking for a greener solution. This new film goes beyond just being non-PVC, with a breakthrough boost in performance in addition to the innovations of 3M overlamines 8518 and 8580.

Highly conformable material with excellent lifting resistance. You can stretch the material to 150%.

*To be used in conjunction with print medias, IJ380 and IJ480.
