

LF 8500 CG (ex.PrintCover 899)

Clear gloss monomeric laminating film 70 µm, designed to protect JT 8500 Series printed media, for short-term promotional graphics on flat surfaces

Laminating film specifically designed for the JT 8500 Series for short-term indoor and outdoor applications on flat surfaces in order to:

- retard colour fade and protect printing media against UV radiation and abrasion
- enhance colours of the prints
- customize the media with homogeneous glossy finish

Suitable for application on: Point of sale, shop windows, stands, displays.

Compatible with solvent, eco-solvent, and Latex inks.
