

# The Orient Roller Banner – just got better!

Find out why one of the most popular roller banners is now even better than ever!

With all the great original features, Orient now has a hybrid pole – a two part bungeed pole with additional telescopic top portion allowing for 550mm of adjustment, and it stays put!

Additionally Orient also comes with a new patented snap rail with secure end caps – preventing loss or damage, plus an extra option of a low profile hook and loop strip for applying the graphics quickly and easily.

Available in FIVE different widths:

- **800mm (ref. code WH353-800)**
- **1000mm (ref. code WH353-1000)**
- **1200mm (ref. code WH353-1200)**
- **1500mm (ref. code WH353-1500)**
- **2000mm (ref. code WH353-2000).**
