---

## APPLICATIONS

---

**KernowJet Interiors 500 is designed for** tough environments like POS, retail spaces, hotels, schools, offices and hospitals

---

## GENERAL

---

Construction : non-woven substrate with top-coated Vinyl

Properties:

Removable without residue

Easy and fast application : paste the wall, not the printed wallpaper

Special top coating developed for optimal printing with WF-inkjet latex, solvent and UV inks

Compliant to EN 259 –2.

KernowJet Interiors digitally printed wallcoverings can be cleaned with mild detergent and a damp cloth.

Use professional-grade, heavy duty wallcovering adhesive – PVA.
